

2026 Corporate Partner Medical Affairs and MSL's

Medical Affairs/Medical Science Liaison Membership

\$1,000 Per Meeting

New to GASCO for 2026 is the addition of a Medical Affairs/Medical Science Liaison (MSL) Membership.

The following guidelines and restrictions will apply to all Medical Affairs/MSL representatives in attendance at all GASCO meetings.

- There is no restriction on the number of Medical Affairs and MSL representatives who can attend a GASCO hosted meeting.
- All Medical Affairs/MSL attendees must register individually and as an MSL when registration opens.
- Complimentary passes reserved for Corporate Partner representatives under their respective Corporate Partnership are ***not*** transferable to Medical Affairs/MSL attendees.
- Corporate Partners at higher levels with multiple exhibit tables cannot transfer unneeded tables to Medical Affairs/MSLs nor can Medical Affairs/MSLs purchase exhibit tables.
- Medical Affairs/MSL attendees must sign in at the registration desk and pick up their name badge. To adhere to CME compliance restrictions, Medical Affairs/MSL name badges will have GASCO's logo and the ***name and title only*** of the Medical Affairs/MSL attendee and no Corporate Partner name or Logo.
- Medical Affairs/MSL attendees cannot approach meeting speakers nor GASCO member physicians nor APP's in attendance in the meeting room before the start of, during, or after, program sessions. All interactions must take place in the common areas or Corporate Partner exhibit hall of the meeting venue. GASCO will have a quiet room available to Medical Affairs/MSL attendees where they can go to have discussions in a less crowded, noise-reduced setting with the Physician and APP members of GASCO. No advance reservations for use of the room will be accepted.
